## CERTIFICATIONS EXPERTISE

Java

# John Lynard Isip

CCS FACULTY MEMBER

## EDUCATIONAL ATTAINMENT

Bachelor of Science in Computer Science  
Gordon College  
2016-06-07 2019-07-17

## INDUSTRY EXPERIENCE

**CCS Program Coordinator**  
Gordon College  
2024-04-08 2024-05-04

**CCS Dean**  
Columban College  
2024-04-07 2024-04-20

## COURSES HANDLED

Understanding the Self  
Mathematics in Modern World  
Ethics  
Application Development and Emerging Technologies  
(LEC)

## PROJECTS

### GC-FaMS

The Gordon College Faculty Monitoring System (GC-FaMS) is a "Faculty Profiling and Development Monitoring" web-application which provides a centralized system for management, and profiling of faculty members across different programs within the school. This enables a centralized system to consistently monitor the quality and development of multiple areas of programs to be accredited for a higher level of education, which streamlines the entire process of the overall program development.
