## CERTIFICATIONS EXPERTISE

Full-Stack Development

# Chris Viacrusis

CCS FACULTY MEMBER

## EDUCATIONAL ATTAINMENT

Bachelor of Science in Computer Science  
Gordon College  
2014-06-19 2018-07-19

Master of Science in Computer Science  
President Ramon Magsaysay State University  
2018-07-19 2020-07-23

## INDUSTRY EXPERIENCE COURSES HANDLED

Networking 1(LAB)

Networking 1(LEC)

Readings in Philippines History with Indigenous People  
Studies

## PROJECTS

### GC-FaMS

The Gordon College Faculty Monitoring System (GC-FaMS) is a "Faculty Profiling and Development Monitoring" web-application which provides a centralized system for management, and profiling of faculty members across different programs within the school. This enables a centralized system to consistently monitor the quality and development of multiple areas of programs to be accredited for a higher level of education, which streamlines the entire process of the overall program development.
